but I just hate the idea that Nacho and I would be separated. And currently I'm taking care of our house. I just hate cooking all the meals and everything.

Please forgive me for crashing this, but I'll be honest here. I've been a bit worried about you Pluto, and the same goes for Nacho. I have been praying for you both, but I keep getting a feeling that something isn't right in your life...like there is something missing.

And as for your problem that you stated: "I have so many things to be grateful for, but I wish I could have people stay in my life for more than a year". I understand this feeling...I am going through it right now, you see when I first transferred to a new school, I didn't really know anyone, yet this one girl came up to me and became my best friend, she and I have a close relationship, I love her a lot and I don't want her to leave me, but there are times where someone you love so many leaves. I...I just want to spend one more year with her, but alas, I can't for her family can't produce the right amount of money to keep her in my school with me, and it makes me sad to see her leave, I don't want you to end up as I am, sad over someone you deeply love but stay strong sis, there is a plan for us all, God has one for you, as for me too. Stay strong and remember this:

"I can do all things through Christ, who strengthens me" ~Phil. 4:13

Again, please forgive me for crashing, but I felt drawn to tell Pluto this Glamour.
